ABOUT ME

I am Yuri Chen. I come from Taiwan Kaohsiung. I graduated from Ming Cheng University and my major was Digital Media Design,and I studied knowledge about graphic design, animation,multimedia and visual communication in school.

Because I was interested in social network, and I have been a web and UI designer for 7 years . My job duties include design websites and app user interfaces,set the visual style and html/css coding,I also do graphic design,phography and project management.

I spend time on studying new skill and knowledge from web after work. My hobbies are watching movie,animation and musical ,cooking ,travel and phography.
